

To whom it may concern:

I am writing on behalf of K-LOVE radio. I am dismayed to hear that it may be taken off the air to give LPFM stations priority over existing stations.

K-LOVE serves me as a long time listener by giving me a wonderful alternative to some of the garbage that is called music on the airwaves today.

The effect of taking K-LOVE off the air would be great on the local community as well. I cannot tell you how often I see cars in my area driving around with K-LOVE bumper stickers. It warms my heart to see kids and teens singing to the wonderful music that K-LOVE provides. What will the kids alternatives be if K-LOVE were taken off the air? Nothing that can encourage and uplift them as K-LOVE can.

K-LOVE also provides a public benefit due to the fact that it gives its listeners a chance to hear about happenings in the local area. It allows us a chance to go where we can feel we are needed. For example, K-LOVE provides resources for those that may be in need. Many local rescue missions work in conjunction with K-LOVE and if there is a need at one of them, it gives the community a chance to step up and help out. It also gives children, teens and adults alike the opportunity to be able to listen to a station that is so incredibly uplifting, it takes some of the stress out of your day and helps you be a better person since you are filled with encouragement and God's word. It would be a great shame if K-LOVE were taken off the air and I ask that you reconsider that move on behalf of one very dedicated K-LOVE listener. Thank you and God Bless you as you decide on this very important issue, Diana Wright
